

First Step Toward AL Licensure: Preparing to Complete Your Application Form

Wednesday, April 7, 10:30 a.m. – Noon

Assisted Living Licensure

AND OLDER ADULT PROTECTIONS

PURPOSE

While Minnesota's Assisted Living Licensure application form is not yet final and published, it is expected to be made public on or about May 1, 2021. That leaves just a few short weeks for providers wanting to become licensed assisted living settings to complete their application in time to meet the June 1, 2021 deadline already in statute. MN Statute 144G.12 contains a starter list of the items that will likely be required on the yet-to-be-published form that you can start gathering information now. This webinar is designed to help you kick start that process into high gear so you can submit your application complete and on time.

LEARNING OBJECTIVES

- Refresh your knowledge of the required application information contained in Minnesota Statute 144G.12 so you can be prepared to provide it.
- Identify those data gathering points that might prove challenging and/or take the longest to retrieve to help you prioritize your efforts and activities.
- List the attachments that you must prepare in advance to accompany the completed application form.
- Discuss current areas of uncertainty regarding the application form so you can monitor them for important developments.
- Learn about elements that might be added based on discussions with various stakeholder groups.
- Take home ideas and suggestions to help you and your team gather the necessary information required for your application.
